Why the help of an agent is needed?

There is a huge number of visa types in Canada. To apply for the suitable one, you should clearly understand which visa type's requirements you fully fulfil not to be rejected from the Embassy. For this exact reason at the very beginning one way or another you should do the assessment to see what are your chances to get the needed visa type. When filling out free assessment forms online to evaluate your chances for free, you get answers like "yes, you are eligible" or "no, you are not eligible". Unfortunately, it is not enough to guarantee you will apply for the right type of visa. That is why in most cases clients choose an agent to be responsible for the whole process. But how to make sure the agent is reliable?
